RELEVANT PROFESSIONAL EXPERIENCE

Non-Appropriated Funds Financial Analyst/Accountant

31 Comptroller Squadron, Aviano Air Base, Italy
January 2022 – Present
Full-Time 40+ hours/week

Managing Non-Appropriated Funds budgets, accounting, financial reporting and regulatory compliance.

- Provides financial oversight, accounting recommendations, and internal-control guidance, for a budget of nearly $7.5 million, to senior leaders and managers across 13 service activities.
- Conducts financial-control reviews and cash inspections to identify weak processes, discrepancies and potential fraud risks; recommends corrective actions.
- Works with 10 activity managers and stakeholders to review financial performance, improve visibility and support better resource decisions.
- Monitors financial-plan execution, assess funding availability, review agreements before implementation, for an annual value of $1.5 million, and follow up on open audit findings.
- Develops several tools and automations, used now in different US Air Force bases around the world, to expedite repetitive processes and eliminate human error.

Management Assistant/Assistant Group Resource Advisor

31 Maintenance Group, Aviano Air Base, Italy
April 2021 – December 2021
Full-Time 40+ hours/week

Supports group budgeting, resource allocation, financial oversight and fiscal compliance.

- Analyzed cost, resource, scheduling and operational data to identify trends, deficiencies and improvement opportunities.
- Prepared reports and recommendations for managers on operational efficiency, resource use and performance issues.

Budget Technician

31 Civilian Engineering, Aviano Air Base, Italy
July 2020 – March 2021
Full-Time 40 hours/week

Responsible for tracking expenditures, processing financial transactions and supports budget management.

- Supported budget formulation and execution for multiple programs; reviewed accounting transactions, budget documents and funding adjustments.
- Compared budget submissions, performed trend analysis and provided information to support funding recommendations.

IT Technician
Settex srl, Roveredo in Piano, Italy
January 2019 – December 2019
Full Time 40 hours/week
Provided technical support, troubleshoot systems and maintained IT infrastructure.

- Ensured all computer systems worked effectively for streamlined operations.
- Maintained good working relationships with customers from different companies, installed their software and hardware components.
- Updated applications and performed diagnostic testing and maintenance on computer components.
- Resolved network, hardware and software issues and set up firewalls to safeguard IT systems.
- Established internal and external computer networks to ensure servers could deliver information to internal and external company clients.

Bookkeeper/Budget Technician
Studio Commercialista del Dottor Del Fabbro Alessio, Trieste, Italy
September 2015 – June 2018
Full Time 40+ hours/week
Maintained financial records, reconciled accounts, tracked expenditures and supported budgeting.

- Maintained accounts payable and receivable, payroll, financial entries, reconciliations, and general-ledger records for multiple client companies.
- Prepared monthly financial reports and assisted with research on tax and accounting requirements.

Education

- **Bachelor's Degree**
  Economics and Business Administration, University of Economics, Trieste, Italy, 2021
- **Professional Financial Management Course** – 2023
  United States Air University, Maxwell Air Force Base, Montgomery Alabama

Expertise

- Computing: Advanced Microsoft 365, Power BI, and process automation tools.
- Languages: Italian-native; English-fluent; Spanish-basic.
- Strong analytical skills, detail-oriented: receiving decisions and making suggestions based on data analysis.
- Proven independent working capabilities.

Awards

- Category III Manager of the Quarter (Q1) (2026)
- Category III Manager of the Quarter (Q3) (2025)
- Category III Manager of the Quarter (Q3) (2023)
